

# GRITTY TO PRETTY PLACEMAKING PROGRAM

## FAÇADE LIGHTING GRANT 2020 Eligibility, Criteria, and Application Form

Gritty to Pretty consists of three grants, which include the Mural Grant, the Façade Lighting Grant, and the Open Grant. These projects contribute to Downtown Halifax Business Commission's (DHBC's) strategic placemaking goals.

The Façade Lighting Grant awards a limited number of grants for exterior façade lighting projects located in Downtown Halifax. This funding program aims at improving the architectural street-wall lighting of buildings on main commercial streets in the Downtown Business district. The nature of the lighting is meant to focus on improvement of the overall urban experience rather than highlighting business and tenants (i.e., it is aimed at a macro-architectural level).

Please refer to "Guidelines for the DHBC Façade Lighting Program" for design standards and recommendations.

**A NOTE ON COVID-19:** For the health, safety, and well-being of staff, members, and the public, DHBC is currently following the directives of the Nova Scotia Health Authority. DHBC asks that Gritty to Pretty grant applicants and recipients follow these directives when researching, creating, or installing Gritty to Pretty placemaking projects to aid in containing and avoiding the spread of the virus.
